

Rounds 14 – 18 fixture released – 14/8/20.

The AFL has released the fixture for rounds 14 - 18. As expected, they are again 'compressing' the fixture and will be playing the 31 games in rounds 14 – 17 over 19 days with one day off, starting on Thursday 27th August.

<https://www.afl.com.au/news/485426/fixture-reveal-missing-dons-dees-game-inked-in-as-afl-unveils-rounds-14-18>

For your information the fixture for the rest of the season is included on the following pages.

This compressing of the fixture has some implications:

1. There are four rounds being played in three weeks – rounds 14 - 17.
2. Some rounds will NOT be starting on the usual Thursday evening.
3. Your tippers may need to put in their tips for a round before the previous round has been scored.
4. There are some byes. Round 15 has only six games and rounds 14 & 16 have eight games.

As in the past, the program will download an update to the fixtures (if it hasn't already). *We will not update round 18 in the program until the dates, times & venues have been confirmed.*

Obviously your tippers will need to be informed that the cut-off times for some rounds are no longer Thursday evening. Listed below is the date and time of the first game of the remaining rounds.

	Date	First Game Time
Round 13	Friday 21st August	7.50pm (AEST)
Round 14	Thursday 27th August	4.40pm (AEST)
Round 15	Tuesday 1st September	5.40pm (AEST)
Round 16	Saturday 5th September	7.40pm (AEST)
Round 17	Thursday 10th September	7.40pm (AEST)
Round 18	Thursday 17th September	TBC

Apart from the unusual cut-off days, everything else should run as normal. Results for each round will be available after the final game of the round has been played, as listed below

	Date	Approx. Time
Round 13	Monday 24th August	9.00pm (AEST)
Round 14	Sunday 30th August	8.00pm (AEST)
Round 15	Friday 4th September	9.40pm (AEST)
Round 16	Wednesday 9th September	9.00pm (AEST)
Round 17	Monday 14th September	9.00pm (AEST)
Round 18	Sunday 20th September	TBC

If you are using the Web edition of the program then we recommend 'Closing the round' as soon as you can after the cut-off time, instead of (perhaps as you may have been doing) waiting until just before entering results. This is so that the default round number for entering tips is increased as soon as possible, as tippers will often be entering tips for a round before the results of the previous round have been done.

Of course, if you have any questions or need help, please contact us.
